MEDICAID CLAIMING PROGRAMS

- ❑ Schools **MUST** provide medical and mental health services if they are necessary for a student to access education.
- ❑ Schools **CAN NOT** bill insurance or guardians when these services are provided.
- ❑ The only opportunity for schools to seek reimbursement is when a student is enrolled in Medicaid.
- ❑ IDEA has only funded special education services at 15-20%.
- ❑ The money from Medicaid reimbursement are unrestricted funds!
- ❑ Ultimately, **Missouri students benefit when schools participate.** For our most vulnerable, medical and mental health services wouldn't be received unless provided by the school.
