

Leveraging Medicaid Reimbursements for Schools

Listening & Learning Session

Friday, March 26, 2021, 9:00 AM to 10:00 AM

Show-Me School-Based Health Alliance of MO

Mission: We support communities in building and sustaining quality school-based health programs.

Access to Resources & Best Practices

Peer-to-Peer Networking Across MO Programs

Target Audience

School districts, community stakeholders, and the healthcare providers that serve them.

Advocacy & Coalition Building

Technical Assistance

Data Collection & Evaluation

Training & Education

Objectives for Today's Session

- Understand how school districts leverage Medicaid billing to increase access to services for students
- Understand how the Medicaid Consortium through the MSBA can support school districts in increasing access to services for students
- Describe school-based health efforts across Missouri that increase access to services for students
- Take steps to increase access to services for students within organization or role

Missouri Schools - Our Reality

- Schools are held accountable for each student's academic achievement/progress.
- Children who are not physically/mentally healthy do not achieve to potential.
- Historically, MO has not adequately funded access to resources.
- We have not taken advantage of all the funding streams to ensure our children are well served.

Overview for Today's Session

- Overview of MSBA & Medicaid Consortium
 - Ashley Beumer, Director of Operations
- Overview of Medicaid & TherapyLog
 - Derrick Branstetter, Director of School Engagement
